

AKINBODE ALIMOT

A goal-driven individual with intense knowledge of different programming languages and development tools seeking to work in a growth-oriented company where I can apply my skills to the advantage of the company and achieve my career goals.

PROJECTS

- <http://www.equitycapitalsolution-ng.com>

A stockbroker website and blog that was built collaboratively in a team of four developers. I worked on the frontend part of the project.

Technologies used: HTML, CSS, PHP, JavaScript

- <https://www.bayoosipitanandco.com>

This is a state of the art law firm website built by a team of four.

Technologies used : HTML, CSS, PHP, JavaScript

- <https://airwaveairline.herokuapp.com/>

This is a flight booking website that allows users signup/login to book flights and view histories of flights booked.

Technologies used: Python/Flask, CSS/Bootstrap, SQLite

- **File Storage API**

A file storage API that allows clients to save and retrieve files called objects in folders referred to as buckets.

Technologies used: Django rest-framework, Docker, CircleCI and Heroku, PostgreSQL
